

# The TouchWood CHANGING TABLE/SHELVING UNIT

QUALITY & DESIGN

PO Box 22018  
74 Main Road Tawa

## Guarantee

TouchWood guarantees all their furniture against faulty materials or workmanship. Should an item be deemed defective due to faulty materials or workmanship, it will be replaced or repaired (at TouchWood's discretion) immediately.

This guarantee excludes damage caused by misuse, neglect, accident and normal wear and tear.

## IMPORTANT NOTICE FOR CHANGING TABLE OWNERS

**Changing Table must be correctly assembled.**

**To prevent falls, do not leave your baby unattended  
on the changing table!**

### Assembly Instructions - For All Models of Changing Tables

**IMPORTANT NOTE: Read instructions thoroughly before assembly.**

Do not over-tighten bolts!

**Note:** In the unlikely event of a bolt not winding in easily, a minor adjustment to the alignment of the threaded steel dowel that accepts the bolt may be made with a standard screwdriver.

#### ENCLOSED IN CARTON:

- 2 end frames.
- 1 top shelf with upstands
- 2 lower shelves
- 12 - 16 75mm bolts (depending on model)
- 1 Allen key
- 4 Castors
- 2 Safety rails (for Meadow and Tuscany models only)

For standard change  
Tables only

**Do not assemble changing table in its  
upright position. It should always be on its  
side when being assembled.**

**Failure to follow the Assembly Instructions may cause damage to your changing table.**

The following instructions should be carried out whilst the changing table is **lying on its side on the floor.**

1. Take one end frame and the top shelf and bolt together using two of the 75mm bolts. The top shelf is designed with two upstands on each side to hold changing pad in position.
2. Take the remaining two shelves and also bolt to the same end frame using four 75mm bolts.
3. Repeat sequence with the remaining end frame using remaining six 75mm bolts.
4. Stand changing table upside down and insert the 4 castors.
5. Stand changing table up and make sure all bolts are tight.
6. For Meadow and Tuscany Change Tables only attach the two safety rails using the additional four 75mm bolts
7. The TouchWood changing table is designed to fit changing pads that are readily available from leading nursery retailers.
