IMPORTANT NOTICE - READ CAREFULLY RETAIN FOR FUTURE REFERENCE

- **Warning:** To avoid danger of suffocation keep any plastic packaging away from babies and children.
- **Warning:** Be aware of the risk of open fire and other sources of strong heat, such as electrical bar fires, gas fires, etc. in the near vicinity of the cot.
- **Warning:** Do not use the cot if any part is broken, torn or missing and use only spare parts approved by the manufacturer. Non-approved parts may render the cot unsafe.
- **Warning:** Do not leave anything in the cot or place the cot close to another product, which could provide a foothold or present a danger of suffocation or strangulation, e.g. strings, blind/curtain cords, etc.
- **Warning:** Do not use more than one mattress in the cot.

INSTRUCTIONS FOR SAFE USE

- This cot is ready for use, only when the locking mechanisms are engaged and to check carefully that they are fully engaged before using the cot.
- As the height of the cot base is adjustable, please note that the lowest position is the safest and that the base should always be used in that position as soon as the baby is old enough to sit up.
- If your cot comes with a movable drop-side, please make sure that if you leave the child unattended in the cot, to always make sure that this drop-side is engaged in its upright position.
- Any mattress used in the cot shall be such that the internal height (surface of the mattress to the upper edge of the cot frame) is at least 500mm in the lower position of the cot base and at least 200mm in the highest position of the cot base.
- All assembly fittings should always be tightened properly and that fittings should be checked regularly and retightened as necessary.

British / European
Safety Standard

DO NOT REMOVE

The **Touchwood** range of **Nursery Cots** have successfully satisfied the applicable test requirements of **BS EN 716-1:2008** and **BS EN 716-2:2008**
Test Report No. TREL26968
